- The best value products
- Technical support
- Knowledgeable team
- Rapid response to enquiries

Ultima

Established in **1997** and backed by a 25 year warranty, Ultima is a proven reliable and cost effective **end-to-end networking solution**.

Manufactured and tested to the highest and most widely accepted ISO standards the Ultima range evolved in response to customer demand for a value engineered product.

The range includes Copper Cat5e, Cat6 and Cat6A solutions as well as Fibre Optic and Voice Cabling systems and a range of cabling accessories.
