Technical Description	<p>The FRBU 9 Port A Length closure is supplied with a Polypropylene base. The base configuration of 8 round ports and 1 oval port covers a cable diameter range of 1.7 – 20.0mm when using Cablelok mechanical seals and 6.0 – 24.0mm when using heatshrink. The mounting system is manufactured from Grade 304 stainless steel and can accommodate a maximum of 6 Hellapon Medium stacked or 6 Hellapon Small trays giving a maximum of 144 fibre splices based on 24 fibres per tray. The tubed closure and the position of the mounting system allows for ease of access and traceability of the fibre on to the trays. The trays are white which makes it easy to see the colour of the fibre elements as they are routed through the fibre management system and on to the trays.</p>
Type of Tray	Hellapon Medium
