

Essential-5 Patch Panels

Essential-5 24 port PCB Patch Panel Rear Connection Black

Nexans ref.: [N424.510](#)

- Clear label windows
- Supplied with labels
- Rear cable management available separately
- Complies to the latest Category 5e standard
- LSA+ termination

Description

Application

The Nexans e-ssential 1HU twisted pair patch panel is based on 19" frame dimensions. It is easy to manage thanks to the cable guide tie wrap support. The use of patch guides (sold separately) allows an orderly arrangement of patchcords. Clear Label holders are positioned over markings 1-24 which can be fully covered by supplied paper labels.

Performance

The Nexans e-ssential Range of Cat 5e cabling products are compliant with ISO/IEC 11801 : 2002

Installation

The access is optimal when Nexans 19" outrigger (N500.120) is used. An optional and specific cable management support is also available (N424.512)

- Supplied with fixings and tie wraps
- LSA+ termination
- Supplied with number printed paper labels
- Colour code T568B.
- Can be used with all types of cables : UTP

essential

Standards
