

Cat8 24 Port Angled Patch Panel

Cat8 24 Port Angled Patch Panel

This Cat8 patch panel offers high performance with shielded modular jacks and an angled presentation for improved patch lead management in high density installations

Features

- Transmission performance in compliance with the ANSI/TIA 568-C.2-1 specifications for Cat8 cabling systems (i. e. suitable for runs of 5-30 metres) to Permanent Link standard
- Compliant with IEC605512-99-001 – suitable for use with IEEE 802.3at (PoE+) applications
- Connectors provide quick and easy tool-less “butterfly style” termination
- Suitable for 0.51-0.65mm/ 22-24AWG stranded and solid wire
- Angled style improves patch lead management
- 19" rack mounting
- Clear numbering on the front provides a quick, easy way to identify cable run
- Slip-in label facility for port identification
- High quality removable metal rear cable management with earth wire

Specifications

- Weight: 1370g (approx.)
- Dimensions: 482 x 44 x 107mm (approx.)
- Colour: Black

Materials

Cat8 Keystone Jacks

- Body: nickel-plated die-cast zinc
- RJ45 contacts: 50µm/1.27µm gold-plated phosphor bronze
- IDC contacts: tin-plated phosphor bronze
- Tape: copper foil

Panel

- Frame: Carbon steel / Mild steel with plastic front bezel
- Cable management bar: Galvanized cold rolled steel (SGCC)
