

Data Centre Solutions

Comtec – Part of the ETC Group family

Founded in 1978, Comtec is a key supplier of communications products for the deployment and maintenance of Enterprise, Datacentre and Telecommunications networks across the UK, Qatar, Oman and Hong Kong.

In 2020 Comtec was acquired by Paris-based ETC Group - a one stop shop and global leader in product design, outsourced procurement, supply chain management solutions and the distribution of telecom equipment and materials from nearly 1,000 global suppliers.

Together we offer best-in-class technical and logistics solutions for network deployments, upgrades and maintenance across 14 countries.

ETC's operations span France, the United States, Germany, Austria, Poland, Portugal, Israel, the Dominican Republic, the UK, the Middle East, Far East, and Northwest Africa.

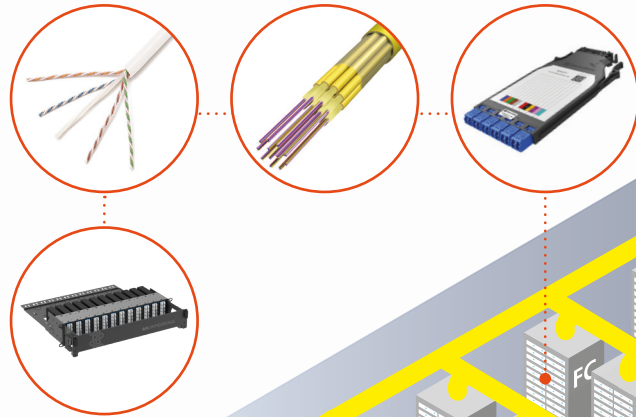

Datacentre Solutions

With rising demand for capacity, higher speeds, greater bandwidth and lower latencies our datacentre solutions are designed to scale up your datacentre infrastructure.

We bring together the best brands in the business to optimise space and performance from cabling systems and power through to containment, testing and certification.

01 Cabling Systems
