

SELF-GRIPPING CABLE STRAP

Technical information

Features:

- ◆ Flame retardant self-gripping cable strap
- ◆ Consists of polyamide looped jersey laminated onto polyester/polypropylene mushroom
- ◆ Re-usable
- ◆ Prevents pinching, does not damage fragile cables
- ◆ Easy and quick to use
- ◆ Choice of widths
- ◆ Available in black or white

Performance and Characteristics

Shear Strength (N/cm²) EN13780	New = 15, 200 cycles = 13
Traction Strength (N/cm²) NF G91-103	New = 2, 200 cycles = 1.5
Peel Strength (N/cm²) EN12242	New = 0.3, 200 cycles = 0.3
Physical characteristics	Overall thickness 3 +/-1mm
Effects of temperature	Resistance to temperature 100 °C
Packaging	2 flanged reels, 25 metres long
Flame resistance	UL94V2, FAR 25-853

Part Numbers

Item	Description	Width	Length	Colour
778715	Cable Strap	9mm	25Mtr	Black
778717	Cable Strap	16mm	25Mtr	Black
778718	Cable Strap	16mm	25Mtr	White
779705	Cable Strap	25mm	25Mtr	Black
