

Fast and durable PIA Identification

Brady PIA Tags

Ever lost time figuring out where each wire goes?

Durable professional labels that remain legible and stay attached in harsh conditions such as underground or outdoors are extremely important to keep power, network, voice and data cables and components organised and running effectively.

Gone are the days of not being able to read PIA labels

Not only is writing dozens of tags very time-consuming, often tags become illegible because the pen's ink does not withstand the environment in which the tag is being used or sometimes a person's handwriting is difficult to read.

With Brady's B-7597 PIA tags you will take the guesswork out of the equation. Print these tags on the BMP61 Portable Label Printer and you can:

- Rely on a durable tag with long-term readability
- Design your own templates
- Insert logo's onto the tag
- Print multiple tags in seconds

Label your way

- Print PIA labels on the go directly with the BMP61 Label Printer in stand-alone mode.
- Easily design the most complex labels in the field using only your smartphone and Brady's free Express Labels app before printing your PIA label with the BMP61 Label Printer.
- Prepare your PIA labels offsite using the Brady Workstation Product and Wire Identification Software Suite on your PC, allowing you to import graphics and serialised data.

Standard PIA Tags Offer

Diagram	Order Reference	Colour	Tag Width A (mm)	Tag Height B (mm)	Tags per Roll	Printer Ribbon Series	Printer Compatibility
B-7597: Polyethylene							
	BM61-35x102-PIA-WT	White	35.00	102.00	250	M61-R4310	BMP61, M611
	M61-35x102-PIA-WT	White	35.00	102.00	50	M61-R4310	BMP61, M611
	BM61-35x102-PIA-YL	Yellow	35.00	102.00	250	M61-R6610	BMP61, M611
	M61-35x102-PIA-YL	Yellow	35.00	102.00	50	M61-R6610	BMP61, M611

BMP61 Label Printer

Performance that matches your own

Designed with molded rubber bumpers and a vivid colour touch screen with on screen indicators, the rugged and reliable BMP61 Label Printer will be your trusted identification companion of choice, all day, every day, for years to come.

The BMP61 Label Printer offers great performance that matches your own. It is portable, fast and can handle a lot of identification challenges thanks to its wireless connectivity and a wide range of durable labels to print on.

Data management versatility

The printer features on-board list management. Use the printer's USB-ports to copy large lists of label design from a computer.

The rugged, portable BMP61 is also available in a wifi-enabled version compatible with Brady Workstation, Brady mobile apps and LabelMark label creation software. Simply create or send label designs from a smart phone to the printer for extremely fast and easy label creation on the job.

High performance

With its 33.8mm/sec print speed, predefined label templates, label creation wizards, built-in label cutter and data serialization options, the BMP61 Label Printer is a durable partner in the field.

BradyPrinter M611 Mobile Label Printer

Join the evolution of smarter identification

The BradyPrinter M611 Mobile Printer announces a new chapter in the ongoing evolution of identification. Easily design the most complex labels in the field using only your smartphone and Brady's free Express Labels app before printing on reliable, industrial grade label materials with the M611 Mobile Printer.

Design any complex label in the field with a phone

With our Express Labels app installed, you can easily design complex labels with 1D and 2D codes and barcodes, serialise, use an extensive image library, include text, a time stamp and even data from the cloud. The Express Labels app offers the most comprehensive label design capabilities available for any smartphone and includes design wizards to quickly create specific identification labels.

Access from anywhere

Label designs can be sent to the BradyPrinter M611 from the Express Labels app on a smartphone via wifi or Bluetooth for immediate printing. They can also be sent to, or received from computers in the office so you don't need to design a label from scratch on every occasion. Simply access existing designs, edit and print to bridge the gap between the office and the field. Labels designed with any app from the Brady Workstation app platform are compatible with the Express Labels app delivered with the BradyPrinter M611.
