Nexxia HDMI Extenders

HDMI extenders are a great way to provide cable connections for HDMI signals over long distances. This range supports distances up to 60m over a single Cat6 cable and supports Infra Red (IR) control and PoE, only the transmitter requires connection to mains power. 816343 includes Local Loop out which allows source signal to be displayed at both the local and remote ends.

- Works with Cat6 UTP/FTP
- Distances stated are for 1080P (Full HD), longer distances are achievable at lower resolution
- Supports 480P, 720P, 1080i, 1080P (Full HD)
- HDCP 1.4 compliant
